tia® Link

The certified middleware that allows providers of DMS or ECM systems to fully tap into the SAP data and document world. All SAP document management scenarios can be fully mapped with the three tia® Link interfaces ArchiveLink®, ILM and CMIS. tia® Link thus makes DMS and ECM providers ready for the SAP world on-premises and in the cloud environment.

At a glance

- SAP certified middleware for ECM, DMS and archive systems

- World's leading solution for SAP ArchiveLink® interface certification

- Fully implemented in Java

- kgs libraries can be run on all platforms (Requirement: Java VM > 11 to be available

- Multithreading capable

- Multi-instance capable

- Compatible with all popular web servers (Tomcat, BEA, Oracle, Websphere, etc.)

- Supports ArchiveLink® and *new* CMIS

Benefits

- Quick and easy SAP certification for third party vendors

- Lean Architecture

- SAP expertise and SAP knowledge are not required

- Support is also available for SAP certification of solutions

- Possibility to transfer metadata from SAP

- Integration of any ECM, DMS and archive systems at a fixed price in the SAP world standard

- Consumption-based billing model

tia® Link Interface enables fast and easy SAP certification. The SAP ArchiveLink® interface is a communication interface between the application and external components (storage systems or desktop applications) that is integrated into the basic component of the SAP system. CMIS makes ready for SAP cloud scenarios.

About kgs

KGS Software GmbH, headquartered in Neu-Isenburg near Frankfurt am Main, has been the digital archive specialist for top companies worldwide for over 20 years. Data and documents from SAP as well as documents from other leading applications are migrated and archived using high-performance, lean software.

Under the brand "tia®" - the intelligent archive - the archive manufacturer has been uniting all kgs product modules into a common vision of the intelligent document archive since 2020. tia® stands for autonomous archiving, is connectable to any applications, storage solutions and cloud technologies and offers companies the single point of truth (SPoT) for accessing documents. kgs has been certifying ArchiveLink® and ILM interfaces for SAP worldwide since 2005 and is a global SAP Value Added Solutions Partner. In addition, the tia® CMIS interface was officially certified by SAP in 2022 as the first in the market.
