Neu-Isenburg, November 20, 2024 - KGS Software GmbH is proud to announce its first-time participation at UKISUG Connect, following its recent membership in the British SAP Community UKISUG. This prestigious SAP event will be held in Birmingham from December 1–3, 2024.

UKISUG Connect is the largest annual gathering of SAP professionals from across the UK and Ireland, bringing together over 1,000 SAP customers, experts, partners, and industry professionals. The three-day conference serves as the premier SAP event for the region, featuring over 70 SAP partners showcasing their solutions, concepts, and services. Attendees can look forward to a rich program that includes breakout sessions, workshops, and compelling keynote presentations.

As part of the lecture series, Benny Schröder, Head of Development & Delivery at kgs, will deliver a presentation titled *“SAP Archiving in Microsoft Azure.”* In his talk, he will explore optimal ways to leverage Azure services, discussing practical scenarios ranging from on-premises to hybrid and fully cloud-native setups.

Johanna Zinn, Head of Marketing & Sales Development at kgs, will also be attending the event. “We are excited about the opportunity to connect with international SAP experts and SAP users,” says Johanna Zinn. “Having established ourselves as a trusted archiving provider in the DACH region, we’re eager to expand our expertise into the UK and Ireland. It will be fascinating to learn more about the priorities and challenges shaping the English-speaking SAP market. We’re also looking forward to introducing

companies to our intelligent archiving solution, tia<sup>®</sup>, and demonstrating how it can unlock new possibilities for managing their SAP data.”

For more information about the event visit the [kgs website](#).

## KGS Software GmbH

KGS Software GmbH, headquartered in Neu-Isenburg near Frankfurt am Main, has been the digital archive specialist for top companies worldwide for over 20 years. Data and documents from SAP as well as documents from other leading applications – for example MS-SharePoint – are migrated and archived using high-performance, lean software. Under the brand "tia<sup>®</sup>" - the intelligent archive - the archive manufacturer has been uniting all kgs product modules into a common vision of the intelligent document archive since 2020. tia<sup>®</sup> stands for autonomous archiving, is connectable to any applications, storage solutions and cloud technologies and offers companies the single point of truth (SPoT) for accessing documents. kgs has been certifying ArchiveLink<sup>®</sup> and ILM interfaces for SAP worldwide since 2005 and is a global SAP Value Added Solutions Partner. Also, the tia<sup>®</sup> CMIS interface was officially certified by SAP in 2022 as the first in the market. [www.kgs-software.com](http://www.kgs-software.com)
